

Summer Term Updates

Firstly, School Council would like to wish everyone a safe, fun-packed summer term, filled with lots of exciting learning! We would also like to update you on some projects that we will be focussing on.

During our last meeting, we reflected on some of the projects that we were part of during the spring term, before discussing various new topics which have been brought to our attention.

Last term, our projects included:

- Setting up our School Council log book - we use this to record minutes from our meetings and to display any evidence we gather from our projects. This can be found on our notice board in the hall - please feel free to look through it!
- Reviewing our current E-Safety and ICT Acceptable Use Rules and discussing alternate versions to support our online Safety Working Party. Mrs Hood was delighted with our hard work and sent us a thank you card informing us that our input may result in a new pupil acceptable use agreement!
- Choosing films to show during Movie Night: we discussed films most suitable for each year group before casting a confidential vote.
- Preparing and displaying posters around the school to promote World Book Day - Mrs Gildroy was very grateful for our help!
- Meeting with Mrs Reading and Mr Bunkell to talk about R.E. within our school - we answered lots of questions as honestly as we could to help Mrs Reading understand what we do in our lessons and offered ideas about how we think R.E. can be improved. Mrs Reading was very grateful and informed us that our suggestions will help with the planning of R.E. across the school.
- Suggesting ways of raising money for Comic Relief which resulted in a 'Wear Something Red' day. As a school, we raised lots of money for a great cause. We organised an assembly to inform everyone about Comic Relief and revealed the grand total!

Unfortunately, we were unable to spend time on everything we had planned at the beginning of term. So, this term is going to be extra busy!

This half term, we will be focussing on:

- The Big Litter Pick! We will also be collecting damaged & broken items from around school. We hope to use these during an assembly to highlight the importance of looking after our school equipment and environment. We also hope to join forces with the 'Green Team' to promote 'Reduce, Reuse, Recycle' within our school and community.
- 'Active Movement': we hope to promote this across our school and will be asking for your feedback.
- TT Rock Star pupil perceptions - we look forward to hearing your views and ideas!
- Fundraising for some exciting new school projects - we have been asked to think about how we can improve our front school garden. We have invited Mrs Haward to meet with us and help us to create a garden which wildlife will love just as much as we do! We are expecting this project to take time, but we are sure that it will be worth it!

Thank you to everyone for your brilliant ideas and continued support ☺
