

Prevent the spread of infection by maintaining high standards of hygiene, including hand washing and regular cleaning and disinfection of surfaces. This will help prevent Covid-19 spreading, as well as other infectious diseases.

GUIDANCE: Visit [gov.uk/coronavirus](https://www.gov.uk/coronavirus) for detailed guidance, including cleaning and the use of Personal Protective Equipment (PPE). The list of main COVID-19 symptoms of can be found at: <https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/>

A positive LFT triggers a legal duty for the case and to self-isolate. A confirmatory PCR test should then be taken within 48 hours (at the latest) to confirm a positive LFT test.

If that PCR test comes back as negative then the isolation period for the case can come to an end, but only at that point.
